

APPLICATION TO PLACE OR DUMP
DIRT, SOILS OR MISC. MATERIALS IN THE
CITY OF BEDFORD

Property owner where materials are to be placed:

Address of property where materials are to be placed:

State the exact nature of the material that is to be placed on the above property: (i.e., Clay, Topsoil, Gravel, Recycled Concrete, etc.) This owner & Contractor clearly understand that the placement of contaminated soils as well as tree stumps, broken asphalt or various types of metal or wood debris is forbidden.

What is the name and/or company affiliation of the contractor that is doing the hauling of the material? Is this contractor registered to work in Bedford?

What arrangements have been made to protect the sidewalks and streets from damage or mud/dirt debris at both the dumping location and the location from which the material is being removed?

What arrangements have been made to properly grade the materials being placed?

How will the placement of these materials affect the natural drainage patterns at the dumping location?

Who will be responsible for the seeding/landscaping of the dumping site? When will this work be accomplished?

Miscellaneous Comments: (Add a separate sheet for this section if necessary)
